Announcement: New “Convenience Store & more” coming to Mayflower

After working on this project since last fall, I’m excited to announce that a large convenience store (C-store) is coming to Mayflower. “Family Markets” will be built in 3 phases:

1. C-store with 12 fuel pumps
2. Quick service (fast food) restaurant (name to be determined)
3. Large truck (semi) fueling facility with ~20 parking spaces

Off road diesel will be provided, in addition to regular diesel. The new facility will sit on approximately 4.25 acres. Located on Hwy 365, beginning on the north side of Metal Roofing Supply and continuing up to the stone “Welcome to Mayflower” sign near the new bypass.

Construction will begin in July 2024; the C-store is expected to open by year’s end and will employ approximately 20 people. The fast-food restaurant and semi fuel station in phases 2 and 3 will offer additional positions.

We are very excited to welcome this family-owned business to Mayflower. This is a terrific opportunity for Family Markets and the City of Mayflower.

Thank you, Family Markets for coming to Mayflower!

Danny K. Hester
Mayor, City of Mayflower
