### ADEQ Verification Questionnaire

Demolition permits require the approval of the Arkansas Department of Environmental Quality with exception given to residential structures which meet certain criteria. ADEQ has provided the following questions which determine whether the residential demolition project qualifies for an exception to ADEQ approval. Please select a yes or no answer to each of the following questions:

**Property Address:**

Is the demolition/renovation for fire training purposes?	<b>Yes</b>	<b>No</b>
Does the demolition/renovation involve more than one small residential building within a city block or similar small compact area of each other by the same owner or operator (or owner or operator under common control) as part of the same project?	<b>Yes</b>	<b>No</b>
Does the demolition/renovation involve more than four (4) of each of the following or a combination thereof: Condominiums, Co-operatives, Lofts, or Boarding house rentals?	<b>Yes</b>	<b>No</b>
<p>Are one or more residential buildings demolished/renovated as part of:</p> <ul style="list-style-type: none"> <li>a. a commercial project;</li> <li>b. a public project;</li> <li>c. an urban renewal project (A city-ordered demolition of isolated small residential dwellings for public health, welfare or safety reasons is not considered a public project or urban renewal. In this type of demolition, the debris shall be wetted. If federal urban renewal funds are used on the project, the project will be considered urban renewal)</li> <li>d. a highway construction project;</li> <li>e. a project to develop a shopping mall;</li> <li>f. a project to develop an industrial facility;</li> <li>g. another private development project;</li> <li>h. a part of a larger project</li> </ul>	<b>Yes</b>	<b>No</b>
Does the demolition/renovation involve a residential building which was used for commercial purposes or a loft with a storefront (e.g. a business sign is located outside the building indicating the building or loft is used for commercial purposes and invites the public to enter)?	<b>Yes</b>	<b>No</b>
Does the demolition/renovation involve a small residential building which is used to store farm supplies?	<b>Yes</b>	<b>No</b>

If you answered **Yes** to any of the above questions, this project would require ADEQ approval prior to issuance of the demolition permit by the City of Mayflower.
